

# Gift - A - CLASS

France 44 offers a wide range of classes, focusing on anything from wine, beer, and spirits, to cheese, meat, and beyond. Our staff educators are experienced and knowledgeable, and make learning about beverages and food approachable and fun.

All of our virtual class packages include a lineup of hand-selected beverages, a packet of helpful information pertaining to the class, a cheese plate from the France 44 Cheese Shop, a private link to the Zoom class, and access to view the recorded class again afterwards. Each tasting package can serve up to 4 people, and each cheese plate can serve up to 2 people.
